

### BOMBER WINTER JACKET

Article No.: 0350FT50-BWJ

Flash Armor® inherently flame-retardant and high temperature resistant garments do not support combustion in the air, melt or drip due to their molecular structure and its flame retardant characteristics cannot be washed away. Our range is designed to cater for working conditions around the world as garments are offered in various designs and options.

Flame resistant clothing made with Flash Armor® provides valuable peace-of-mind, which enables those who wear it to focus on the job at-hand & perform to their fullest potential.

TenCate Tecasafe® Plus delivers superior flash fire and electric arc protection in a comfortable lightweight fabric with exceptional durability. FR properties are built in, and won't wash or wear out. It exceeds to the NFPA 70E CAT 1 & 2 and NFPA 2112 performance standards and lasts longer than FR treated fabrics, making Tecasafe® Plus a great value. Unlike other protective fabrics, it is inherently flame resistant. So, the unique FR protection comes built-in, and won't wash out or wear out.
