

WORK TROUSERS

Article No.: 0480PL01

Parma™ FR Cotton Workwears offers a high level of protection to welders without being as heavy as the leather alternative. This can be an advantage on worksites with high temperature & humidity levels. Constructed using premium 100% cotton treated with Proban® blend. Parma™ features flame-retardant properties, thermal protection, comfort and durability that meet industry workwear regulations.

Aspis FR® is a durable, lightweight and comfortable treated flame retardant fabric with the advantages of the superior breathability and absorbency of 100% Cotton. Like other natural fabrics, **Aspis FR®** provides durable and affordable flash fire protection for workers in the petroleum, petrochemical and other professionals that may be exposed to flash fire. The fabric absorbs and transmits moisture away from the body to keep the wearer dry & comfortable and performs well in a variety of climate applications. It is particularly suitable for use in warm working environments and climates including humid or summer season.

COMPOSITION

Fabric Grade: Aspis FR® 100% FR Cotton
Durable Proban® Flame Retardant Fabric
