

## FIELD WINTER JACKET

Article No.: 0353PL50-FWJ

Parma™ FR Cotton Workwears offers a high level of protection to welders without being as heavy as the leather alternative. This can be an advantage on worksites with high temperature & humidity levels. Constructed using cotton plus & nylon with Proban® FR Finish. Parma™ features flame-retardant properties, thermal protection, comfort and durability that meet industry workwear regulations.

**SVALIN®** is a durable, lightweight and comfortable treated flame retardant fabric with the advantages of the superior breathability and absorbency. Constructed with Cotton & Nylon with Proban FR.

A multi-layer wind proof breathable Winter Jacket, with properties of inherent heat & flame retardant. This garment is a preferred choice of people working from the oil & gas, petrochemical, refinery industries, as well as an excellent choice for electric and power generation industries.

**Inherently flame resistant** – FR properties are built in and won't wash or wear out.  
**Comfortable to wear** - Soft & breathable. Roomy sizing patterns allow for a great fit.  
**Exceptional durability** – Outstanding laundered appearance - Fabric retains its like new look and maintains permanent pressed appearance.  
**Excellent Value** – Long life cycle & great durability.
