

Pro Operator Boots 500 BAR

Article No.: 88160TST344

CE-certified boots for pressurized liquids! Waterproof working and protective boots with protection for up to 500 bar / 7500 psi pressure! The boots are professionally designed for hours and hours of hard work, in harsh environments. Completely vulcanized rubber boots, fitted with steel toecap and steel inserts to withstand both pressurized liquids on the upper part, and for sharp objects under. Textile inner lining for good comfort. The sole is designed for good grip and to reduce the risk of slipping. The boot shaft can be tightened with an adjustable strap and it has two "handles" to make the boots easy to put on. Sold in pairs.
