

## TST COOLING VEST MULTI

Article No.: 4575TST161

Cooling Vest Multi has 20 TEMTECH elements that provide effective heat absorption. This vest is used in many industrial applications. Also available in flame retardant material, if that is mandatory. Recommended to use tight to the body, with a functional T-shirt between, and a covering garment on top

**20 TEMTECH ELEMENTS**

Certified according to

**CE** ISO 9001:2008  
ISO 14001:2004

	Size Men's (cm)				Weight
SIZE	S/M	L/XL	2XL/3XL	4XL/5XL	2.1 kg
CHEST	84-100	100-116	116-132	132-148	

### HOW IT WORKS

The "cooling" effect is obtained from the vest's 20 TEMTECH elements, which start absorbing heat at a particular temperature (28°C/82,4°F). Heat absorption from the body or from an external source continues until the elements have melted.

### RE-CHARGE

After use, the Cooling Vest has to be "re-charged" at room temperature (20°C/68°F) in about 4 hours - faster if in a cooler environment - and is guaranteed to last more than 1000 cycles. When all the energy elements have solidified, the Cooling Vest is ready for use again.

### WHY CHOOSE TST COOLING VEST

- It can be stored at room temperature, with no loss of effect!
- It is re-charged at room temperature!
- It gives a comfortable Cooling effect!

### MATERIALS

Exterior and lining fabric: Polyester  
Elements: Consist of non toxic, non flammable blend of salts  
Element Covers: Aluminium
